

**Problem Statement:** I have a hard time finding problems to solve! / I sure wish this solution existed.

**Problem Restated:** There is no platform for non-committal, problematic people to meet qualified problem solvers.

**Why:** People don't share their problems with me.

**Why2:** I don't know many people who are willing to talk to me about their problems.

**Why3:** It isn't fun to know people with problems that talk to you about their problems.

**Why4:** I only want to solve problems sometimes.

**Final Problem:** I want to solve problems for other people in a way where people that I don't have to know actually talk about their problems with no expectation of the problem actually being solved.
